- Basic White Cardstock: 3" x 3"
- Florals in Bloom Paper: 3-1/4" x 3" and 1-1/2" x 3"

- Basic White Cardstock: scrap (1" x 1-1/2")

### Instructions

1. Score & fold the Cloud Cover Cardstock at 3-1/4" and 8-3/4".
2. Adhere the Secret Sea mat to the inside of the scored Cloud Cover and burnish the scored lines well with the Bone Folder.
3. Adhere the 3" square of Basic White cardstock inside the card, lining up with the left score line so that the cardstock won't show when the front flap is folded.
4. Adhere the larger piece of Florals in Bloom paper to the left outside flap and the smaller piece of Florals in Bloom paper to the right outside flap, lining both pieces along the score lines.
5. Run the scrap of Silver Foil through the Stampin' Cut & Emboss Machine and cut out the smallest circle from the Stylish Shapes Dies. Stamp the sentiment onto the scrap of Basic White cardstock using the Cloud Cover Ink Spot and fussy cut out using scissors. Adhere the sentiment to the foil circle and set aside.
6. Stamp the sentiment onto the 1-1/2" strip of Cloud Cover cardstock using Cloud Cover ink. Close the front of the card shut and line up the Cloud Cover sentiment strip on the left flap and the Silver Foil circle on the right flap. The Silver Foil Circle should slightly overlap the Cloud Cover cardstock. Adhere Cloud Cover strip to the left side; use a half a Stampin' Dimensional for the circle on the right side. Add a Rhinestone to the "o" to finish.
